

1-29-89

Dear Mike,

Have just finished both your articles from prior issues of R.S. you sent home with Dawn & I. I like your style and technique and am looking forward to your GQ article, I'm interested in your perception of the lighter side of life. I have an enormous sense of fun & enjoy the ridiculous myself and am curious whether you share this trait.

I enjoyed meeting and talking with you and truly appreciate your sensitivity and kindness, especially towards Dawn.
